- Chris moved that we approve the minutes from 11/2/16. Tate Seconded and it passed.

2. Report on senior trip

- The tickets sold at the last minute. Based on the estimate from SSTA and the cost of the tickets from the show we were able to make about \$100 profit from this project.
- 9 to 5 is another show coming up. May consider this and talk about it in January (Show is in April).
- We may want to look at other venues like St. Mikes, Hyde Park Playhouse, Stowe etc..
- We should also look at other transportation possibilities.
- Conversation about targeting seniors mentioned that seniors are not served by rec as much as other demographics in the town. This was a good service.
- Ideas of how to report the success of this out to the community should include the Gazette, Front Porch Forum and the Facebook Page.
- Bring this up again sometime in January depending on how we are doing

3. Work on the list for focus groups that the consultant will work with.

- Focus groups work will be the week of January 17th. Most likely between Tuesday and Thursday.
- We reviewed the focus groups list. We discussed who should be added to the list and would be a good contact.
- The lists should be 8-15 people since some may not show up. The groups should be 6-12 people.
- Kim will contact MMU for the town-wide meeting regarding the consultant meeting.
